

Notice

TO ALL OWNERS & RESIDENTS:

Ref No. 17-46

DOOR ACCESS SYSTEM - UPDATE

Residents were informed via Notice 17-15 that a new *Biometrics - Fingerprint* Door Access system was to be installed.

The installation has been delayed, as the Supplier was unable to complete the installation due to various issues outside of our control, and they have now withdrawn from the project.

Accordingly we have had to re-evaluate/select a new system and the Committee has now decided on a **Face Recognition System**. This will be installed by end August and will offer enhanced advantages and convenience to Residents.

Upon commissioning this new system, the Management Office will maintain the existing Card Access for the Rear Doors for a 3 month period, after which the Card Access system will be deactivated.

We strongly urge those Residents who have yet to submit their details to the Management Office, to do so without delay so as to avoid the inconvenience of having to use the rear doors of the lift lobbies! Please contact the Management Office if you require any clarification.

The Management
