

# Notice

TO ALL OWNERS & RESIDENTS:

Ref No. 22-37

## WARNING – MONKEYS ENTERING HOMES

Please be informed that incidents of monkeys entering and ransacking units at wash-yard and kitchen have been increasing lately.

Residents are reminded to **PLEASE STOP FEEDING** the monkeys before they attack or hurt someone.

Feeding the monkeys increases their dependence on people and encourages them to approach people for food.

Kindly keep your windows and doors closed before leaving.

Thank you for your cooperation.
